

Selectboard Work Session minutes

January 15, 2015

Meeting was opened at 3:05 by Jean Ambrose with Roger Linton, Jane Hubert, Jean Ambrose and Sam Snow present.

- Discussed snow plowing issues on 194. Sam Snow reported speaking with the Goodall's drivers to address the problems and how to solve them.
- MMA suggested that the Road Commissioner designate an agent to cover for Sam Snow when he is unavailable to do the duties of Road Commissioner. Sam and the Board agreed on Larry Gove to be the Road Commissioner's agent.
- Sam Snow suggested using any 2014 excise surplus money to fix the north wall of the Town sand shed. He estimated that there might be \$29,000 to use. Selectboard will check to see what the amount is and how we can use it. Also, Sam would like to use any surplus money from the winter plowing budget to add to the hot topping funds for 2015.
- Sam Snow informed the Board that EJ Prescott is offering municipalities a 60% discount on culvert orders over \$5,000. Sam said that would amount to a 3 year supply of culvert for the Town at a significant savings. The Board agreed to the purchase of the culvert.
- The Board agreed to go with the 8x11" Town Report book size.

Meeting was adjourned at 4:25.
