RiverWalk Property

NOTICE: The RiverWalk property is currently closed to visitors per DEP recommendation. The RiverWalk Committee and select board are working with DEP to apply for a grant to that will fund a Phase 1 study and potentially pay for any cleanup that is needed to make this a safe property for all to enjoy. Scrap metal is being removed which will also make the property safer. We apology for any inconvenience this closure may cause.

Several loads of scrap metal have been removed this summer. Thank-you Sam Snow Construction, Jewett Builders, Kelly Bros Disposal, Jim Lothridge, and Wayne and Cheryl Peaslee for donating their equipment and time to make this happen. Several others also volunteered their time to help. Their efforts have made this scrap metal removal project a success. The project will continue as there is a lot more scrap to be removed.

RiverWalk committee meetings are held the first Monday (unless it's a holiday) of the month at 6 pm at the town office. All are welcome to join.
