A discussion was held about fireworks in Town. There is still a problem. Debbie MacInnes told the Board what Ernie Martin had said at the Select Board meeting and that the fireworks guidelines are on the Town website. Ernie Martin had 2 ordinance's from other Towns and Debbie will put them in the Planning Board mailbox. Marlene will call Farmingdale, Hallowell, and Randolph to see what they have about the use of fireworks. The Board will discuss the possibility of an ordinance for Pittston in regards to fireworks, at next months meeting.

A discussion was held about the speeders on the Smithtown Road. A number of suggestions were discussed. Send a letter to the Marina about their patrons speeding down the road, change the speed limit on that road, or some other signage like local traffic only or slow down. The Board will ask Ernie Martin and Sam Snow.

The Board went over the **Public Property, Utilities and Solid Waste** ordinance from the Town of Farmingdale. Marlene will ask Farmingdale for an application to go with this. The Board will keep working on this and may have Pat Philbrook and Ernie Martin come to a meeting.
